

Applications are invited from **bright aspiring professionals for 5 key positions** for a project management unit (PMU) for implementation of *Matribhumi*, a flagship scheme of Government of Uttar Pradesh (GoUP) to be implemented by the Panchayati Raj Department (PRD). The new-age scheme aims to engage with interested residents of Uttar Pradesh or those migrated to other States of India or to countries across the world, to collaborate with the State Government in creation/ development of *assets, infrastructure and services* for larger use by rural community and to be named after the donor's ancestors/ choice of names. Such collaboration of Government and citizens would widen opportunity for brisk development of the concerned Gram Panchayats, infuse new perspectives, refresh technology and design efficacies and undoubtedly would improve quality of work. The Scheme provides for the donors to contribute 60% of the cost; whereas, a collaboration with the State Government would bring in 40% of the project cost and ensure availability of land.

Government has decided to set-up a PMU to be equipped with bright aspiring professionals to effectively steer implementation of the scheme. While participating in the growth process of Uttar Pradesh, the applicants could also be interested in –

- An all-round exposure to and working experience with an apex-level institutional set-up of GoUP. The project enables opportunities to engage with various sectors, departments, demography and contexts;
- Work in a cutting-edge technology and program management ecosystem; engage with key institutions from within the government and with range of multi-, bi-lateral and other international entities;
- Avail opportunity to connect with UP's successful fraternity across the country and various countries in the world; and
- Best-in-industry professional compensation and on-the-job perks.
